ROCK CLIMBER

GUIDE TO BEATTYVILLE

WELCOME CLIMBERS

Beattyville was founded by Sam Beatty, an early settler, then chartered in 1850. It is the birthplace of the Kentucky River, formed by the joining of North and South Fork. In this guide you will find information on what local business & services we have to offer the visiting climbers!

Beattyville Directory

CANOE & KAYAK THE THREE FORKS OF THE KENTUCKY RIVER IN POOL 14

The combining of North, Middle, and South Forks in downtown Beattyville is the very beginning of the Kentucky River. It then flows north west (backwards) and spills into the Ohio River. There is world record muskie fishing on South Fork River. Bring your canoe or kayak and have an adventure on one of our trails. There are all day, half day, and 2 hour trips.
