

### **Secret Garden**

From the main parking area, take the trail on the grassy road behind the big Eureka oil tanks. Follow the winding trail uphill through until the trail meets the cliff line.

### **Serenity Point**

From the main parking area, cross the creek using the footbridge. Immediately after the bridge, the trail will fork at a sign with a map. Go left at the fork and cross over the road onto another trail. Follow this trail until it crosses another road. Go left at the road. Take the first trailhead on the right and head uphill until the trail meets the cliff line.

With Off-Road Vehicle:

From the main parking area cross the creek and continue on the main road until you get to the second main turnoff on the left. The first trailhead will be about 200 feet up on the right. Park on the right in a clearing large enough for one vehicle. Take the first trailhead on the right and head uphill until the trail meets the cliff line.

GPS Latitude 37.6422233582, Longitude -83.6805572510

### **Chaos**

From the main parking area, cross the creek using the footbridge. Immediately after the bridge, the trail will fork at a sign with a map. Go left at the fork and cross over the road onto another trail. Follow this trail until it crosses another road. Go left at the road. Take the first trailhead on the right and head uphill until the trail meets the cliff line. Walk right along the trail until reaching a point where it heads downhill skirting the cliff.

With Off-Road Vehicle:

From the main parking area cross the creek and continue on the main road until you get to the second main turnoff on the left. The first trailhead will be about 200 feet up on the right. Park on the right in a small clearing large enough for one vehicle. Take the first trailhead on the right and head uphill until the trail meets the cliff line. Walk right along the trail until reaching a point where it heads downhill skirting the cliff.

## **Cooper's Cove**

From the main parking area, cross the creek using the footbridge. Immediately after the bridge, the trail will fork at a sign with a map. Go left at the fork and cross over the road onto another trail. Follow this trail until it crosses another road. Go left at the road. Take the first trailhead on the right and head uphill until the trail meets the cliff line. Continue left along the wall until reaching an overhanging wall.

### **With Off-Road Vehicle:**

From the main parking area cross the creek and continue on the main road until you get to the second main turnoff on the left. The first trailhead will be about 200 feet up on the right. Park on the right in a small clearing large enough for one vehicle. Take the first trailhead on the right and head uphill until the trail meets the cliff line. Continue left along the cliff line until reaching an overhanging wall.

## **The Infirmary**

From the main parking area, cross the creek using the footbridge. Immediately after the bridge, the trail will fork at a sign with a map. Go left at the fork and cross over the road onto another trail. Follow this trail until it crosses another road. Go left at the road. Walk down this road, passing the first obvious trailhead on the right. Make one shallow creek crossing and continue until a muddy rutted parking area. On the right the right, an old road crosses a creek. Cross the creek and continue down this muddy road for about five minutes until the road severely breaks down near a stream. Take the first trailhead, which will wind uphill until it meets the wall near a giant boulder.

### **With Off-Road Vehicle:**

From the main parking area cross the creek and continue on the main road until you get to the second main turnoff on the left. Take the second road on the left and follow it across one shallow creek crossing until you come to a muddy rutted parking area. Park here. On the right the right, an old road crosses a creek. Cross the creek and continue down this muddy road for about five minutes until the road severely breaks down near a stream. Take the first trailhead, which will wind uphill until it meets the wall near a giant boulder.

GPS Latitude 37.6419448853, Longitude -83.6833343506

## **Monastery**

From the main parking area, cross the creek using the footbridge. Immediately after the bridge, the trail will fork at a sign with a map. Take the right fork. This trail will then come to an end when it intersects an old road. Go right and follow the trail uphill to the beginning of the wall. Continue straight past the short wall on the left to get to the main wall.

With Off-Road Vehicle:

From the main parking area cross the creek using the footbridge and follow the road past two main turnoffs on the left. Continue along the main road, passing a small dirt road on the left. Shortly after, there will be a short road on the right with a small clearing that ends at a creek. Park here. Use the footbridge to cross the creek on the right side of the clearing. Follow this trail uphill until it leads to a wall on the left. Continue straight past the short wall on the left to get to the main wall.

GPS Latitude 37.641389, Longitude -83.676111

## **Fruit Wall**

From the main parking area cross the creek using the footbridge and follow the road past two main turnoffs on the left. Continue along the main road, passing a small dirt road on the left. Shortly after, there will be a short road on the right with a small clearing that ends at a creek. Continue along the main road just past this to another creek crossing. Cross the creek and walk uphill until the road flattens. As the road becomes steep again and more narrow look for the main trail on the left, which angles sharply back toward the main wall.

With Off-Road Vehicle:

From the main parking area cross the creek using the footbridge and follow the road past two main turnoffs on the left. Continue along the main road, passing a small dirt road on the left. Shortly after, there will be a short road on the right with a small clearing that ends at a creek. Park here. Continue along the main road just past this to another creek crossing. Cross the creek and walk uphill until the road flattens. As the road becomes steep again and more narrow look for the main trail on the left, which angles sharply back toward the main wall.

GPS Latitude 37.645, Longitude -83.678611

## **The Nursery**

From the main parking area cross the creek using the footbridge and follow the road past two main turnoffs on the left. Continue along the main road, passing a small dirt road on the left. Shortly after, there will be a short road on the right with a small clearing that ends at a creek. Pass this road and continue along the main road, staying right at the fork and crossing another creek. After crossing the creek, walk uphill passing three trailheads on the left and continue until you come to some stone stairs and a sign saying "The Nursery". Continue uphill until you come to another road. To get to the main wall, go right until the trail meets the cliff.

### **With Off-Road Vehicle:**

From the main parking area cross the creek using the footbridge and follow the road past two main turnoffs on the left. Continue along the main road, passing a small dirt road on the left. Shortly after, there will be a short road on the right with a small clearing that ends at a creek. Park here. Walk back to the main road and continue staying right at the fork and crossing another creek. After crossing the creek, walk uphill passing three trailheads on the left and continue until you come to some stone stairs and a sign saying "The Nursery". Continue uphill until you come to another road. To get to the main wall, go right until the trail meets the cliff.
