## 9:30AM in Miller Fork...see you there

#### Rules

- Score sheets may be purchased through pre-registration, at Rocktoberfest registration, or at the parking lot of Miller Fork that morning.
- Points are gathered by clipping bolts on redpoint. Competitors get 1 point for each bolt clipped until you weight the rope (finish the route, fall, or TAAAAKEEEE).
- All routes have a multiplier. More difficult routes have a higher multiplier.
- Score = bolts clipped times the multiplier.
- Sport climbing? It doesn't matter if the gear is hanging. Gear climbing? Nobody does that, it's the Red.
- Traditional routes have a fixed number of points (two because there's no bolts, #purist)
- Competitors tally their own scores (don't cheat, there are still judges).
- Belayers sign the card.
- Start time is 10:00 AM
- Finish time is 4:00 PM <<<SHARP>>>
- Competitors total their own scorecards <<before 4PM>>
- There are no errors with the score sheet. The score sheet is always right (even if it's wrong).
- The climbing areas will still be open to all, even if you're not competing. Please play nicely with others.

Winners will be announced at the event Saturday night. Prizes will be given!

#### Scoring example:

Russian Body Thief: 1st attempt 6 bolts x = 12 points, 2nd attempt = 8 bolts x = 16 points Score = 16 points (you can try as many times as you want but only the highest point total counts)

### SCORE SHEETS ARE DUE AT 4:00PM WITH YOUR SCORE ALREADY TALLIED.
